EXPERIENCE

Process Associate 02/2024 - 01/2025
Tata Consultancy Services Limited

- Supported **FP&A and finance operations** for a UK-based client, contributing to **financial reporting, management reporting, and MIS preparation** for business performance analysis.
- Prepared and analysed **Actual vs Budget reports**, performed **variance analysis**, and investigated key drivers of revenue and expense variances to support management review.
- Analysed **revenue and expense trends** and prepared recurring **MIS and performance reports**, providing insights for management decision-making.
- Monitored key **financial and operational KPIs**, comparing actual performance against targets and prior-period results to identify **performance gaps and key business drivers**.
- Performed **GL accounting activities**, including journal entries, accruals, prepayments, depreciation, and reclassifications during month-end close.
- Performed **bank account reconciliations** by matching bank statements with SAP/book balances, investigating discrepancies and following up on outstanding reconciling items.
- Developed **SAP S/4HANA report variants and Excel-based process improvements** for recurring reconciliation activities, reducing **manual processing time by 50%** and improving reporting efficiency.
- Led **Knowledge Transfer (KT)** sessions with **client stakeholders** to capture business processes, accounting requirements, controls, and reporting procedures.

Junior Executive 07/2022 - 08/2023
Smart Accountants

- Processed daily financial transactions to maintain accurate **books of accounts** and ensure compliance with organizational policies.
- Developed and documented **Standard Operating Procedures (SOPs)** to streamline workflows and reduce operational inefficiencies.
- Prepared, posted, and reviewed **monthly accruals and journal entries**, consistently meeting close deadlines.
- Prepared and filed monthly **GST returns for 80+ clients & Income Tax returns for 25+ clients** across diverse sectors, ensuring consistent on-time submission and statutory compliance.
- Conducted internal audits for manufacturing clients, including **physical verification of fixed assets and closing stock**, and vouching of invoices and bills to validate transaction accuracy.
- Drafted **audit observation reports** presented to **the audit committee** on a quarterly basis.
